

Single Signature Electronic Candidate Petitions

Effective immediately as a measure to mitigate the spread of COVID-19, candidates can now obtain signatures electronically on a nominating petition. Please be advised that these are only supplemental signature pages. A candidate/designee will still need to complete all of the required documents (i.e. Oath of Allegiance, Certificate of Acceptance, etc.) All of the statutory requirements will remain the same.

For instructions on how to use the electronic signature form click here:
